IPEVO

Transform Education and Collaboration with IPEVO

Unleash the power of education with IPEVO! Our integrated suite of video, audio, and Vurbo.ai technology revolutionizes classrooms, enhances learning experiences, and streamlines administrative tasks. Explore our approach and transform your education journey.

School Board Meetings

IPEVO's portable solutions offer quick setup, clear audio/video, and AI-powered transcription—perfect for efficient, on-the-go board meetings.

Hybrid Learning

Combine VOCAL speakerphones with Vurbo.ai to capture lessons, transcribe content, and support both in-person and remote learners with ease.

In-Person Learning

IPEVO cameras and TOTEM devices enhance classroom interaction by wirelessly displaying materials and capturing real-time content.

Remote Teaching

With wireless document cameras and easy-to-use audio tools, IPEVO makes remote teaching simple, effective, and high-quality.

Universal Compatibility

All IPEVO products seamlessly integrate with popular video conferencing software.

Rapid Deployment

Set up in just 10 minutes, without the need for extensive installation or construction.

Flexibility

From classrooms to boardrooms, upgrade any space into a hybrid conferencing environment effortlessly.

Seamless, Portable, and Efficient
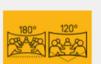

IPEVO

Hybrid Meetings with TOTEM 180

Create a highly efficient and immersive meeting environment to bring teams together in an instant. IPEVO TOTEM 180 is a **unique, portable conferencing camera** that can be instantly deployed in the meeting room where it's needed.

180° Panoramic Image
Capture everyone at the table via two 4 MP cameras that provide a seamlessly stitched 180° view, free of spatial distortion.

Two Camera Modes
When huddling, you can switch to the 120° camera mode to adapt the view to fewer meeting participants.

AI-Enhanced Meetings
Activate AI Stage Auto Framing, and it will automatically follow the movement of the presenter, or it will frame all the meeting participants, keeping everyone in the shot.

Portable Camera for Multiple Meeting Rooms
Deploy TOTEM 180 in any meeting room and instantly upgrade it into a hybrid conferencing space. All it takes is to plug in a USB cable. Bring teams together anytime you need to, without waiting for conferencing room availability.

Works with Everything, Instantly
Plug and play compatible with Zoom, Google Meet, Skype, Microsoft Teams, and more on Windows, Mac, and Chromebooks.

Quick and Easy Setup: No pre-installation required, enabling rapid deployment

Seamless Integration: Compatible with all major platforms like Zoom, Teams, OBS and more.

Portability: Easily portable for meetings across various school districts.

Advanced Features: Powered by Vurbo.ai software for transcription, translation, and minutes.
