

IMPACT Analysis

Integration **M**astery and **P**roficiency **A**cross the **C**urriculum with **T**echnology

You need to know that your efforts and resources are making a difference. During a Five Star IMPACT Analysis, school leaders will discover and assess how technology is being used for instructional moments in the schools across the district.

IMPACT Analysis Packages

Virtual

- ✓ Educator survey and dashboard
- ✓ Customized resource curation

Educator
Surveys

A member of the Five Star PD team will provide a survey link for your educators. This survey measures blended learning through the pillars of Dispositions, Online Integration, Data Practices, Personalizing Instruction, and Online Interactions. Data will be shared in a customized Google Site during an virtual 90 minute analysis workshop.

Onsite

- ✓ Educator survey and dashboard
- ✓ Building tour with admin
- ✓ Teacher and student focus groups
- ✓ Customized resource curation

Focus
Group

Admin
Tour

In addition to the survey provided in the virtual offering, a member of the Five Star PD team will come onsite (½ day per building) to complete the building tour and focus groups. Data will be shared in a customized Google Site during an in-person two-hour analysis workshop.

IMPACT Analysis

Integration **M**astery and **P**roficiency **A**cross the **C**urriculum with **T**echnology

You need to know that your efforts and resources are making a difference. During a Five Star IMPACT Analysis, school leaders will discover and assess how technology is being used for instructional moments in the schools across the district. To measure growth, the IMPACT analysis data collection process can include:

IMPACT Analysis Packages

Choose the option that works best for your team. Your staff and community will receive reliable and objective data to help analyze and tell the story of district technology use on student learning. Five Star Data Dashboards will provide a window into educator proficiency, practice, and pedagogy with technology that will help you discuss authentic opportunities for growth and change based on real-time data decisions.

Package Options:	Data Report & Dashboard	Educator Survey	Focus Area Survey(s)	Onsite Building Tour	School Focus Group(s)	Resource Curation	PD Learning Credit	Coaching Support
